## Rotax Max Challenge Grand Final Location

IKD is pleased to announce that the 2010 Rotax Max Challenge Grand Final location will be La Conca in Muro Leccese, Italy from 14th November to 21st November 2010. Australia has been granted 9 positions at the event - so 9 lucky drivers have an opportunity to compete at this prestigious and exciting location.

Returning to La Conca for the second time, the World Finals 2010 promise to be the biggest Rotax grand final event so far. La Conca offers a successfully balanced infrastructure and management team, headed up by Mr Luca de Donno.

After a very eventful trip to Egypt in 2009, IKD are excited to see how the 2010 season pans out and who will invariably win the World Final seats for 2010. With such a large team going, IKD are hopeful for podium success for Australia in 2010. For the first time the 125 Max DD2 Masters class will add an over 32 age category to the event.

More information will be announced as it becomes available.
